Activity 2 Here's Looking at You

A portrait is a drawing or likeness of someone. Here is a portrait of King Henry VIII, who was a Tudor king.

Draw a portrait of yourself – this is called a self-portrait. You will need a mirror or a photograph so you can see yourself. Perhaps you want to wear your best clothes for your portrait like Henry did!

How about framing your picture? When you have finished stick the picture on to a bigger piece of card and decorate around it so it looks like a frame.
